### Department of Biology Three-Year Term, Lecturer

---

The Department of Biology at the University of Saskatchewan is actively seeking a scholar for a three-year term appointment at the rank of Lecturer. Applicants are expected to have completed a PhD and to have experience teaching Biology at the post-secondary level. The appointment will consist of teaching and collegial service duties. However, there is an opportunity to develop research collaborations with existing faculty in the Department, particularly in conjunction with supervision of undergraduate research projects in our third- and fourth-year research-based courses.

The Department of Biology is a diverse department with research and teaching strengths in cell and molecular biology, ecology and evolution, organismal biology, and environmental sciences. A strong undergraduate program offering degrees in Biology and Environmental Biology and a certificate in Biological Research is paired with an active graduate program. The Department offers courses to students with a wide range of backgrounds and interests as part of the College of Arts and Science. The ideal candidate will hold a Ph.D. in Biology or a related discipline and will be able to teach one or more of the department's large-enrolment 100- and 200-level classes. It is expected that the successful individual will also teach one or more classes at the senior (300 and 400) level in their area(s) of expertise. Individuals with expertise in organismal diversity are highly encouraged to apply.

The Department believes equity, diversity, and inclusion strengthen the community and enhance excellence, innovation, and creativity. We are dedicated to recruiting individuals who will enrich our work and learning environments.

The College of Arts & Science offers a dynamic combination of programs in the Sciences, Social Sciences, Humanities and Fine Arts. There are more than 10,000 undergraduate and graduate students enrolled in the College, and over 300 faculty members, including 9 Canada Research Chairs. The College emphasizes student and faculty research, interdisciplinary programs, community outreach and international opportunities.

The University of Saskatchewan's main campus is located in Saskatoon, Saskatchewan on Treaty 6 Territory and the Homeland of the Métis. Saskatoon is a city with a diverse and thriving economic base, a vibrant arts community, and a full range of leisure opportunities. USask has a reputation for excellence in teaching, research and scholarly activities and offers a full range of undergraduate, graduate, and professional programs to a student population of over 27,000.

**Qualifications:** Applicants should have a Ph.D. and an established teaching record at the post-secondary level.

**Salary:** Salary bands for the 2022-2023 academic year: Lecturer \$83,150 - \$123,458

**Benefits:** This position includes a comprehensive benefits package which includes a dental, health and extended vision care plan; pension plan, life insurance (compulsory and voluntary), academic long-term disability, sick leave, travel insurance, death benefits, an employee assistance program, a professional expense allowance, and a flexible health and wellness spending program.

**Application Procedure:** Interested candidates must submit, via email, a cover letter; detailed curriculum vitae; a teaching dossier; a list of Biology courses they are qualified to teach; and the names of three references to:

Dr. Christopher Todd, Head  
Department of Biology  
College of Arts and Science  
University of Saskatchewan  
112 Science Place  
Saskatoon, SK, S7N 5E2 Canada  
Telephone: (306) 966-4400  
Fax: (306) 966-4461  
Email: [biology.head@usask.ca](mailto:biology.head@usask.ca)

All qualified candidates, Canadian or other nationalities are encouraged to apply. Due to federal immigration requirements, we also ask candidates to indicate whether they are Canadian citizens, permanent residents, or are otherwise already authorized to work at this position for the duration of the appointment, with an explanation if this last category is indicated.

Review of applications will begin November 15, 2023; however, applications will be accepted and evaluated until the position is filled. The anticipated start date is on or after January 1, 2024.

---

The University is committed to employment equity, diversity, and inclusion, and are proud to support career opportunities for Indigenous peoples to reflect the community we serve. We are dedicated to recruiting individuals who will enrich our work and learning environments. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents will be given priority. We are committed to providing accommodations to those with a disability or medical necessity. If you require an accommodation to participate in the recruitment process, please notify us and we will work together on the accommodation request. We continue to grow our partnerships with Indigenous communities across the province, nationally, and internationally and value the unique perspective that Indigenous employees provide to strengthening these relationships. Verification of Indigenous Membership/Citizenship at the University of Saskatchewan is led and determined by the **deybwewin | taapwaywin | tapwewin: Indigenous Truth policy** and Standing Committee in accordance with the processes developed to enact the policy. **Successful candidates that assert Indigenous membership/citizenship will be asked to complete the verification process of Indigenous membership/citizenship with documentation.** The University of Saskatchewan's main campus is situated on Treaty 6 Territory and the Homeland of the Métis. We pay our respects to the First Nations and Métis ancestors of this place and reaffirm our relationship with one another. Together, we are uplifting Indigenization to a place of prominence at the University of Saskatchewan.
